

# Google Classroom Directions for Parents

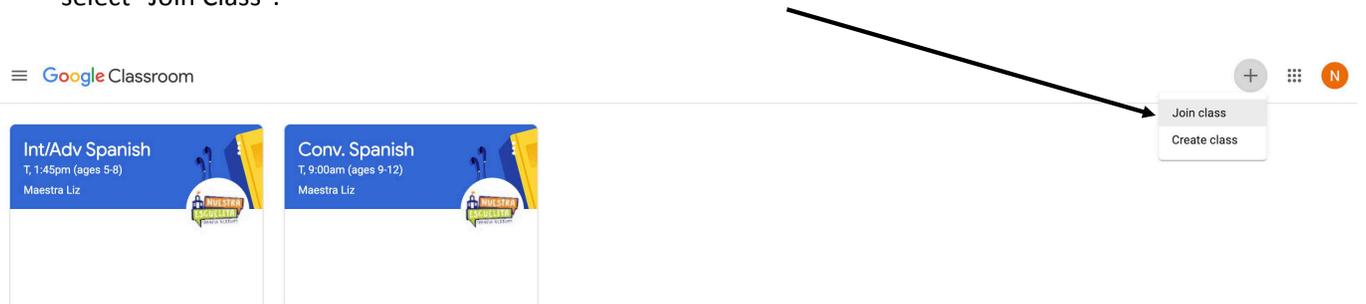

1. Using your internet browser (Google Chrome will work best for this), go to [classroom.google.com](https://classroom.google.com). You may also download and use the Google Classroom app if you are using a tablet or smartphone.

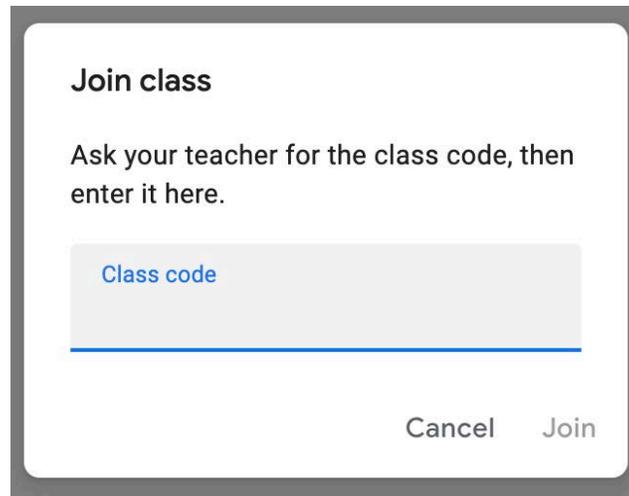

2. You **must log in using your child's email address or your personal email address** in order to access Google Classroom. Email addresses provided by school districts or other institutions will not work. If you're trying to join using an email address other than your personal address, you will see the following error message.

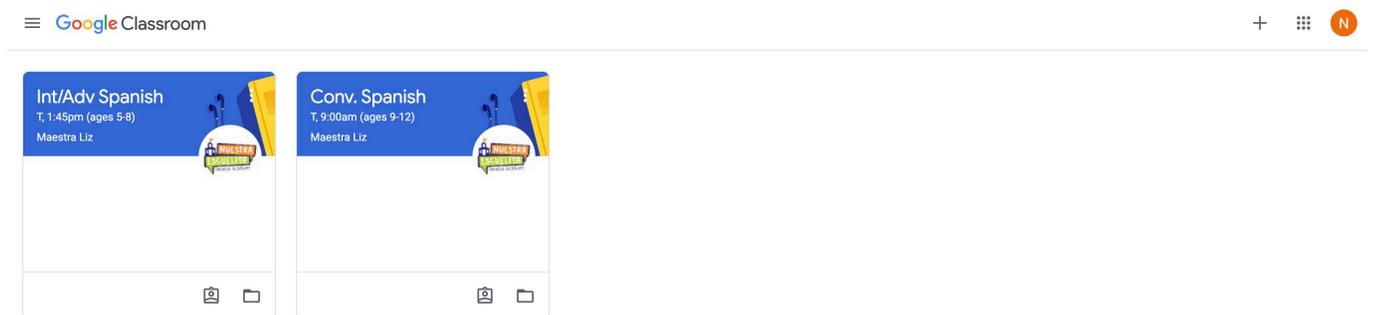

- Once you are logged into Google Classroom, click the "+" in the top right hand side of the screen, and select "Join Class".

- Enter your class code, and press Join.

- The classroom that you just joined, will now be displayed on the screen. The next time you log in, you will see your classroom(s) listed here.

7. Click on your classroom to view your class page, then click on "Classwork" at the top of the page to access all of your assignments and the links you will need for class.
